

BUSTER

BLACK JACK

BUSTER BLACKJACK is regular blackjack featuring an exciting optional "Buster" side bet that allows you to win based on the number of cards in a dealer's busted hand.

The object of the game is for the dealer to bust. The Buster bet must be made along with your blackjack bet before any cards are dealt. Play out your hand as you normally would and when the dealer turns over his cards, just sit back and hope he busts.

SUSPENSE

There is no such thing as "watching the paint dry" after a player is dealt a blackjack or busts. As the Buster bet remains in action, it keeps you in the game from start to finish. Your participation and anticipation to win lasts till the dealer's last card is drawn.

MORE CARDS, MORE BUCKS

The more cards in the dealer's busted hand, the more you win. If the dealer busts with eight or more cards, you win 250 to 1.

The dealer must complete his hand as long as there is a Buster bet in action.

Your Buster bet may not exceed your blackjack bet.
