GM Collin Hydrolift Facial

If you've been looking for skin lift due to stress, lack of sleep, or tension, the GM Collin Hydrolift is a must-book. Included are all the benefits of a traditional facial session – cleansing, exfoliating, moisturizing mask and extractions. The derm renewal peel provides an instant lift, improving the appearance of fine lines and wrinkles. Thorough hydration throughout the treatment restores moisture balance to the face and rejuvenates skin, leaving it glowing and healthy for weeks to come. Guests receive a take-home GM Collin sampler goodie bag upon departure.

Luxury Lavender Massage

Lavender's healing properties were discovered as far back as 2,500 years. Native people used lavender for its therapeutic benefits, which is exactly what guests receive when they treat themselves to the Luxury Lavender Massage. A 50 minute therapeutic or traditional service, the treatment starts off with an exfoliating gloves session to exfoliate dry and lackluster skin. The circular brush strokes enhance internal energy and stimulate the lymphatic system. Lavender-infused oil from the local Temecula Lavender Company is then gently massaged into muscles and the skin for the duration of the treatment. Lavender contains healing elements shown to aid with sleeplessness, eczema, dry skin and skin blemishes. Guests receive a take home gift of exfoliating gloves and a sample of TLC oil.

Lavender Tranquility Pedicure

Imagine getting the healing qualities of lavender expressly for your feet. Set aside 60 minutes for the Lavender Tranquility Pedicure and it could be the best part of your day. Start with a choice of tea or refreshing infused water to sip during your treatment. Then, sink into your supremely comfortable pedicure chair while you relax with a lavender scented neck pillow. The treatment starts with a 10 minute stone therapy for your feet and your hands. This leaves your skin ready for the lavender walnut scrub that sloughs away rough, dry skin to reveal youthful and refreshed skin on your feet and heels. Your choice of polish is applied in ample coats to last for weeks. The pedicure wraps up with application of lavender shea butter to leave your toes and feet feeling relaxed and smooth all day. Guests receive a gift of Temecula Lavender Company's massage oil as a take-home gift.
